
The Artilleryman

31-Year Index of Articles

The following is an index to the last thirty years of *The Artilleryman* magazine.

The "Shells" listings are the late Tom Dickey's Shell Fragments articles. Issues preceded by an asterisk (*) are not available in original form, but are available as photocopies.

In the U.S. back issues are \$5 for a single issue and \$3 each additional issue. Postage is included in this price. Bulk orders will be sent UPS, cost to be determined. Photocopied issues are \$6 each plus \$1.50 postage. Photocopied articles are \$3 each including postage.

***Vol. 1, No. 1 (Spring 1979)**

Plourde's Company, 4th Btn., Royal Regiment of Artillery unit profile
Massachusetts cannon accident
Stones River Battlefield artillery
New Market Battlefield Park
2nd Battery, Vermont Artillery unit profile
Massachusetts cannon regulations

The final word on correct Civil War cannon field artillery carriage color
Incorrect cannon firing procedures
Dissection of cast iron 6 pdr. barrel
Search for the “Dictator” mortar
Debut of Midwest Artillery Show
Defense of Puget Sound
Development of turrets
Seeing-eye dog and owner with C Battery, 1st Ohio Artillery
How to reline an iron barrel
Shells: Bormann fuzes

Vol. 6, No. 2

Test firing 100 pdr. Parrott
Mounting of 20-inch gun for 1876 Centennial Exposition
Washington Navy yard artillery collection
Tidball on artillery, Part 1
Shells: Woodruff gun used conical projectiles
“Sleeve” vs. “liner”
Oregon’s Rogue River cannon
Fort Hancock, Sandy Hook, N.J.
Projectiles: Confederate fuze plugs

Vol. 6, No. 3

Small arms for the artilleryman
El Paso’s ‘Blue Whistler’ gun
Modern-day account of career as artilleryman
Fort Mervine, Monterey Bay
1st Michigan, Battery B unit profile
Mallet’s 42-ton mortar
Ears need protection from black-powder firing noise
Double-barreled gun in Athens, Ga.
Tidball on artillery, part 2
Shells: Confederate gunners levels

Vol. 6, No. 4

3 accidents injure four
Midwest Artillery Show
Dissection of sand-cored barrel
Fort Jefferson, Dry Tortugas, Fla.

New Jersey cannon law
Achieving accuracy with mortar
"Molly Stark" of New Hampshire
Washington Heights, N.Y.
Shells: Federal navy relics from Vicksburg land operations

Vol. 7, No. 1

Marines' boat howitzers helped take Fort Fisher
Restoration of 3-Inch Breechloading Rifle of 350 lbs.
Development of carronade for British navy
Fort Glanville, South Australia, saves two 20-ton Armstrongs
Shells: Mallet's polygonal cavity shell
Gatling gun battery support of Teddy Roosevelt
Shells: Britten's lead sabotted projectile

Vol. 7, No. 2

Bisection of pipe-cored barrel
Unusual 1.5-inch Whitworth
Early defense of California's coast
Restoration of Leeds Foundry building, New Orleans
Artillerymen take part in North-South, Part II
Old Fort Niagara
12 pdr. Field Gun Light, M1857, is related to French Napoleon
"Smuggler's Cannon" in war for California
Analysis of sand-cored barrel
Shells: Wooden mortar fuzes.

Vol. 7, No. 3

Thunder mugs
H.M.S. Rose of Bridgeport, Conn.
12 pdr. Mountain Howitzer developed from French Army howitzer
Castillo de San Marcos, Fla.
Tidball, part 3
Shells: rare Confederate trunnion sight

Vol. 7, No. 4

U.S.S. Constitution gun drills
Manassas' 125th reenactment
"Mons Meg" at Edinburgh Castle
Rare 10-inch heavy seacoast howitzer in Kansas
Midwest Artillery Show
Shells: Confederate armor punchers
German naval academy activates old gun
Forts Morgan and Gaines, Ala.

Vol. 8, No. 1

U.S. Army adaptation of M1841 24 pdr. Coehorn mortar
Artillery report from Manassas 125th
Cannon markings were stamped, not engraved
Fort McHenry, Baltimore

10-inch Rodman smoothbores were converted to 8-inch muzzleloaders
Shells: fuzes for firing on ironclads

Vol. 8, No. 2

5 guns found on California beach are restored
Rebuilding iron-hub wooden wheels
Fort Monroe's Casemate Museum
Hiram Bledsoe's trophy cannon
1st South Carolina unit profile
Shells: "Whistling Dick" projectile

*** Vol. 8, No. 3**

Thomas J. Rodman and his hollow casting process
M1841 12 pdr. Mountain Howitzer, carriage
Fort Stanwix, Rome, N.Y.
Shells: Read's rifle projectile
The artillery collection at Gettysburg Battlefield
Artifact: budge barrel
Delafield Rifle found at Smithsonian
Fort Delaware, Del.
Prussian gunboats carried cannon

Vol. 8, No. 4

Fatal cannon accident
James' projectiles, rifling and guns
Restoration of Krupp Mountain Gun, M1903
Shells: Gen. Schimmelfennig's rocket artillery
Stolen cannons
Forts of Portobelo, Panama
Role of horse artillery in 1847 victory over Mexico
Artifact: searcher
